

Linking Your Team Building Event to Charity Projects

Triple Bottom Line Reporting becomes a tangible reality with your teams as they make a genuine contribution to the community via their team building activity.

Sabre is delighted to be an advocate for numerous charity groups and we can meaningfully match corporate client events with great community outcomes.

Some of the great organisations we have helped include *World Vision, CANTEEN, The Salvation Army, Youth Off The Streets, Barnados, Vic Bushfire Appeal, The Variety Club, Royal Children's Hospital, Lifeline, Cerebral Palsy, The Starlight Foundation* and many more.

- Prizes with lasting value
- Meaningful community contributions
- Charity speakers at your meeting
- A helping hand

Read on to see some brief samples of how it can be done...

SMILE with World Vision

The great work of World Vision in alleviating poverty and suffering around the world is well known, and the team at World Vision have created some great ways for corporate clients to engage with this important work.

One unique opportunity to give gifts of lasting value to third world communities is via the “SMILES” gifts catalogue. This includes gifts such as Goats, Chickens, Donkeys, Food and Medicine, Training for Teachers, Educational Aids and also larger scale projects. Sabre works with World Vision to tailor team activity content for you that will link to whatever gifts from the SMILES package suit your budget and the chosen activity. They also make sensational prizes for teams that have far greater impact than the usual trophies, medallions or bottles of bubbly.

Business games of greater depth can also be tailored around our “Global Village” approach whereby teams compete to earn points that will acquire solutions for real villages around the globe represented on a giant floor model of the earth as the activity progresses. You can also produce a giant painting from many different canvasses that will ultimately combine to help “Paint a Brighter Future” for world children. We also have the ability to introduce you to ongoing engagement with World Vision as part of their numerous corporate relations programme.

- **World Vision Gifts as Prizes**
- **“Global Village” and “Paint a Brighter Future”**
- **Ongoing engagement via World Vision**

See more of their great work at - www.worldvision.com.au

Sabre Corporate Development proudly supports the work of World Vision and all proceeds from SMILES gifts go directly to the SMILES project and other nominated World Vision projects. World Vision is grateful for the support of Sabre and is not involved in the actual design and delivery of the team activities themselves, but representatives can be available upon request and subject to availability to accept donations etc.

Other ideas for Charity Links with Sabre events

Charity Speakers

Representatives or leaders from well-known charities or NGO's can make great speakers on topics such as values and community engagement in tandem with a meeting or event.

Team / Leadership DNA

Donate a tailored kids / school version of this high value programme to a local State School on behalf of your organisation to build leadership and team working skills in future leaders.

Strike Force / Battlespace / Executive Warfare Centre

Make a contribution in money or in kind to the Returned Services League for veterans, or to the Legacy Organisation that cares for children orphaned as a result of their parent's war service.

CSI – Death of a Diva / Mission Possible / Crime Show

Make a contribution in money or in kind to Victim of Crime or Prevention of Child abuse charities that work towards alleviating criminal exploitation locally or globally.

Fashion Fiasco

Make a contribution in money or in kind to an organisation that assists with liberating children in third world countries from exploitation and child labour.

Picture Perfect

Painting a Brighter Future in this activity can enable the challenge to be linked to child sponsorship, a third world village development project, auctioning for charity or donation to a kids hospital ward.

Quest / Amazing Race / Survivor

These activity types can be adapted for the "Global Village" concept that links team points and activities to the donation of gifts and materials to real third world villages and communities.

Movie Magic / Overdub Challenge / The Agency

Make a contribution in money or in kind to a needy youth or community theatre group or to a State School dramatic arts project or department in need of support and resources.

When In Rome

This business game is all about putting back into the community whilst building an empire and civilisation building challenges from the game can easily be linked to community projects.

FUN, TEAMWORK AND GREAT BIKES FOR NEEDY KIDS!

What initially appears to be a highly competitive race to recover the various components of a bike for a big race is progressively revealed as a unifying endeavour to donate these bikes to a worthy kids charity.

The “Whose Bike Is This Anyway?” challenge presents a powerful message for the participants and a great outcome for the community. The overriding message is that the smaller parts and contributions combine to make a BIG difference.

This is emphasised by bike parts when put together carefully combining to create a bike that kids will love and finally that the members of the team have combined to create a great team that have made it all possible.

A great activity that gives teams the opportunity to not only learn more about team skills, their own and others team role behaviours, but also make a contribution to the community!

We can organise for a senior representative from the charity to be on hand to receive the donation, thank the team and familiarise them with what the charity does.

Note: We have charity reps involved, but will not organise for any of the actual children receiving the bikes to be present at the event as after a great deal of research and liaison regarding the emotional aspects of doing so for the kids involved, we feel it is not actually in the best interest of the individual children to have them exposed to the groups given their personal circumstances.
