

A FUN TEAM ADVENTURE TO GET YOU - “OUT AND ABOUT”

Tap into the adventure, challenge and fun of the reality TV genre (without the distasteful bugs and discomfort) whilst getting out and about in your chosen destination. The group is met by their *Amazing Team Race* host before being divided into teams and issued with a tailored challenge – to participate in *The Amazing Team Race*. Each team receives an equipment pack tailored to suit the destination containing coloured bandanas, cameras, competition briefs and optional point bonus challenges that can be done en-route for bonus points. The written brief will outline how the challenge will work and the questions and challenges that they must undertake along the way. Teams will meet at various RV points having completed challenges en-route to that RV point. Teams will then move along a tailored course, meeting at several locations on route for joint challenges before heading to the final destination or Pit Stop to announce the winners.

Duration: 2 – 4 hours.

Key Themes: Tailored to suit the required destination and learning outcomes.

Group Size: 5 and up.

Venues: Highly flexible. Can be tailored for virtually any meeting venue.
